

A B O U T U S

Windhoek Automotive Repairs & Performance is a fully registered Namibian close corporation established in March 2018 and founded by young vibrant and mechanically educated individuals. Since our inception in 2018 we have developed a well trusted and reliable company by building lasting relationships with our clients.

Repairs

Here at Windhoek Automotive we provide a wide variety of car repair services ranging from diagnostics and scheduled service to full engine overhauls and other complex repair.

Parts Supply

Sourcing vehicle components can be a stressful experience, which is why we have dedicated personnel to source parts locally and globally, no matter the make or model our team can guarantee quality and efficient delivery.

Vision

Our vision serves as the framework for our road map and guides every aspect of our business by describing what we need to accomplish in order to continue achieving sustainable, quality growth. As a growing mechanical business we aim for the highest quality and convenience for our clients. We are committed to stability, effective strategic growth and legendary customer service.

Mission

Our main focus is to develop and lead the automotive industry as well as to exceed our customer expectations in quality, delivery and costs through continuous improvements and customer interactions.

Values

Our values represent the basis for development of our business:

Integrity as the basis of any relationship.

Focus on consumer is a fundamental ingredient for success.

Developing people is a key element for growth sustainability.

Quality and constant innovation is fundamental in our high-performance organization.

Community and training program

As a business we are proud to say that we provide opportunities to the local community to develop skills and receive further professional training, along with opportunities to grow and develop further within the business.

Since our beginning we have provided training and detailed practical experiences to Vocational Training Centre students who are still studying as well as those who completed their courses.

We strongly believe that by helping young professionals acquire the necessary skills and knowledge, will allow them to change and lead the growing demand within the motor industry and significantly reduce the high unemployment rate in Namibia.

Corporate strategy

We as an organization understand the importance and need to establish strong and sound relations within a Corporate and Government structures in order to develop and strengthen our positions within a Namibian market.

We are well prepared to offer a tailored solution for you and your organization.

MEET OUR TEAM

Our highly qualified and experienced mechanics have completed various and complex works on most brands of vehicles in current production ranging from heavy duty trucks to luxury sedans as well as high end performance vehicles.
